

Everybody Needs Somebody Sometime

Ecclesiastes 4:12

God's Cord - Listen

- One person could be overpowered
- Often God speaks to us as He speaks through us
- Sometimes we don't hear what we say
- Today, listen to what the Sprit is saying to the churches... and to you!

Your Cord - Obey

- **Two people can stand up for themselves**
- **Each day we have to decide if we will add our cord to what God is doing in the world**

Church Cord - Check

- **And a rope made out of three cords isn't easily broken**
- **This cord helps us to remember to live what we know**
- **You choose who you will wrap your cord up with**

Life Application

- If you do not yet have a person, start with a small group or find yourself a person this week
- Check with your person; are you living what you know?
