

**Key to being
Blessed?
Be a Blessing!**

- 
- **To be a blessing we need to be around other people**
 - **To be a blessing we need to fulfill a need**
 - **To be blessed, we need to do the above with an eternal perspective**

What is an Eternal Perspective?

A complex electrical control panel with numerous wires and components. The panel is filled with various electrical parts, including switches, relays, and wiring. The background is a faded image of the same panel, creating a layered effect.

Life Application:

Bless someone this week to increase the strength of their relationship with God, and share the experience with your person.
