

The Gift of Worship

Luke 2:8-14

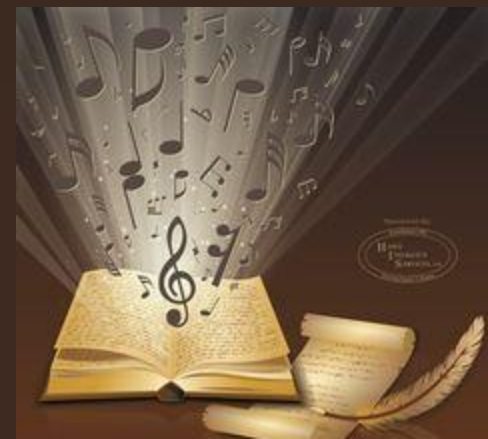

Meeting God

- Which we sometimes don't understand
- Often terrifies us
- But is really good news

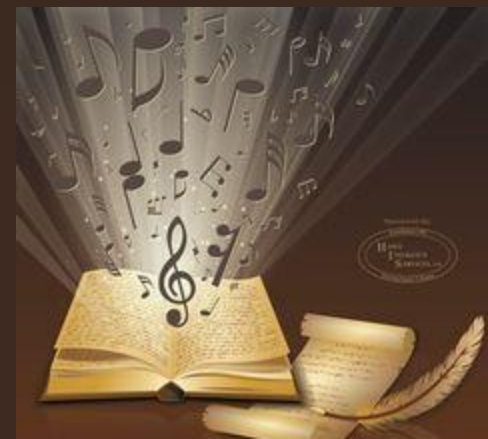

Hearing God

- Gives you a sign that you heard correctly
- Gives you community to walk with you
- Gives you hope for more to come

Praising God

- The angels praise with us
- We never sing praises alone, but the whole host of heaven joins in
- True praise is never just words, but inspires action

Life Application

- Meeting with God in your everyday life
- Hearing from God and His people
- Praising God through your actions
