

# The Essence of Time

# Abundant Time

- **God owns time**
- **Abusing our time**
- **Using our time wisely**

# **If God asked you what you've been doing with your time**

**If God could fire you as His  
servant based on the time you:**

- Spend talking to others about Him**
- Talk to people about your church**
- Volunteer at the church**
- Spend in outreach**

**“You can't be my manager  
anymore?”**

# God's list

- **Spend time with me**
- **Get to know me**
- **Put learning about me first**
- **Come into my home every Sunday**

When you're on God's clock,  
His timing for you is always perfect.

IMFOREVERFAITH

**Saying we don't have the time  
to spend with God isn't a time  
issue, it's a love issue**

- **How much time do we spend making ourselves look good rather than our master?**
- **Who do we place trust in more-God or people?**

# Abundant Life

## Abundant life means

- Trust in God, not in people
- Using the time we've been given doing what Jesus did
  - Building relationship with God and with His people
  - Time spent with those in need
  - Spending time with those that are sinful
  - Includes spending time with those that don't understand God

# **We spend time:**

- **Looking to others for approval**
- **Searching for the perfect love, perfect life and the perfect relationship**
- **We waste time**

**How is your soul being stretched by living abundantly for God?**

# Life Everlasting

- **Why not use the time the master has blessed us with to help others?**
- **Not only serve but be served**
- **Looking for security, for all eternity**

# Life Application

**You have all the time you need but you are accountable for every moment.**

**How will you spend your time?**
