

Seeing Is Believing

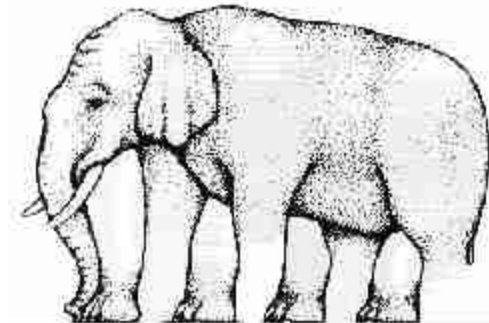

1 Corinthians 15:1-9

Hearing is Important

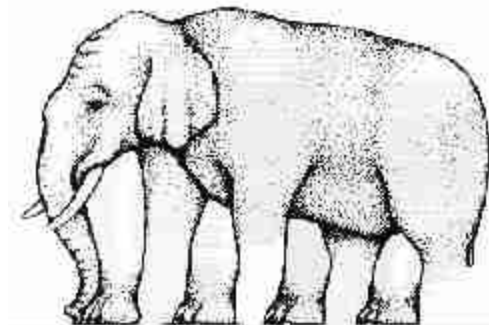

- **Timing is far too early to be legend**
- **Content too counterproductive to be legend**
- **Literary form too detailed to be legend**
- **Bible and Culture**
- **Trustworthy Bible or Stepford God?**

Seeing Is Important

- **Resurrection causes a problem either way**
- **To believe it is true, you need both**
 - Empty tomb
 - Eyewitness accounts
- **Wouldn't even have made a good lie**

Seeing is Believing

- **Because of God's work:**
 - Seeing is believing
 - We can experience God's grace
 - We can trust our lives on the reality of the resurrection
- **Having faith doesn't mean you have to grasp at the improbable, but you can cling to what is seen because of the evidence presented**
